

PREPARED REMARKS:  
**2014 USA PRO CHALLENGE ROUTE ANNOUNCEMENT**  
MAY 6, 2014 DENVER

"The City Above The Clouds, Woodland Park is deeply honored that our town is one of the new Start locations for 2014.

We know this is an extremely important segment of the 7 day historic race and we are doing everything we can to make this memorable for cycling enthusiasts everywhere.

We have a week long schedule of events to elevate the excitement that will lead up to the high altitude USA Pro Challenge start.

Please bring your bike, tricycle, your OHV, or hiking boots.

We have great eateries, shopping, lodging to include RV and campsites near the start.

Additional recreational fun for everyone of all ages is here on HWY 24 in Teller County.

For you to treasure and to share with family and friends we encourage you to have that camera or video, as along the start route, in the background, are spectacular views of America's mountain Pikes Peak to enjoy."
