“Dear supporters and well wishers,

I want to give another round of appreciation to people still sending me their positivity, caring, and contributions, each in their own way. I want to tell people that I have read every single card sent in the mail, every note on the go fund me page, and give thanks to every name I see contributing monetary funds to my recovery. Without your prayers and well wishes lifting me up, I don't know where I'd be. Words can't express my thanks though I will still try.

A special thanks also to True West Productions who rallied the Longmont community and spent their time and energy organizing an event on my behalf. I am constantly in awe of the generosity of spirit of this community. Had I not been resting and recovering, I would love to have been able to attend barrel racing and gymkhana. Sounds like a great time, being a rider myself!

I saw your willingness to give of your time and energy to pull this event together, and, in doing so, it is an opportunity to heal because it is all of us suffering, and all of us healing from tragedies that have sent shock waves through the community.

My heart is full of gratitude that words can never convey. Thank you.”
